

Brief History of the School

By the divine blessings of Bhagwan Baba , the School initially started on the auspicious day of Guru Purnima in the year 1983 with 14 students and two teachers and one care taker. The classes were going on inside the campus of Bhagwan's temple. The very purpose of this school is to provide education to the children of the lower and middle class families of the city those who are unable to afford for such education in the city . Gradually the School expanded by addition of one class every year along with appointment of one teacher . By the time , the School got the state recognition and no objection certificate to extend the classes up to Class – VIII. Keeping the motto of imparting Sai Education for the integral development of personality by inculcating human values , the School started its journey from Class I to Class – VIII .

In the year 1993 , the School got the Affiliation from the Central Board of Secondary Education , Delhi and 06 students of the school appeared in the AISSE (Class – X) certificate Examination in the year 1994. This was the first batch of Class – X Certificate Exam in which all six students successfully completed and passed the examination giving 100 % success to the School. Since then 20 batches of students have successfully passed their AISSE Exams earning cent per cent results for the School. By the blessings of Bhagwan Baba , the school is not only securing 100 % results , but creating name in the state as rank holders in the Class – X performance. By these periods the School has faced many challenges to establish its glory and fame in the city . Since 1994 , slowly and gradually the school developed its infrastructure , students strength , staff strength and other fields to reach its goal to provide all possible facilities to the students .Now the School has a students strength of 950 with 36 teachers and the collective efforts of the students , teachers and parents , the school has crossed many milestones of success to bring glory for the School and for the students .

In these years , the school has tried to impart teaching for simultaneous development of academic excellence , human excellence and environmental excellence , so that a student will have a strong base to realize that 'Education is not merely for living but for Life'.
